EXPERIENCE

Web Developer Internship

Nov 2022 – Jan 2023

Design Website for business

- Redesigned and implemented a website overhaul for Nazim Overseas using HTML, CSS, and JavaScript during a Web Developer Internship from November 2022 to January 2023 - 100%.
- Improved website load speed by 40% and contributed to a 25% increase in online sales by optimizing performance and user experience.
- Implemented responsive design principles to enhance user experience across various devices, resulting in a 40% increase in mobile conversions and a 25% decrease in bounce rate.
- Developed and maintained the website at <https://nazimoverseas.netlify.app/> as part of internship responsibilities.

PROJECTS

GitHub Data Fetch *GitHub Public API, React.js, JavaScript, Tailwind CSS*

Jul 2024 – Aug 2024

- Developed a web application that interacts with GitHub's public API to fetch and display user and repository data.
- Implemented dynamic data retrieval features, allowing users to explore GitHub profiles, repositories, and activity insights.
- Integrated real-time data fetching and API request handling using JavaScript and React.js, resulting in a responsive user interface.
- Built an intuitive and responsive frontend using Tailwind CSS and React, enhancing user experience by 30%.
- Optimized API queries and structured data to be efficiently displayed in the UI.
- GitHub Repository: <https://github.com/rhm856591/gitHub-API-Data>

Zagrad E-Commerce Website *React.js, Tailwind CSS, Node.js, MongoDB, WebSocket*

Dec 2023 – Jan 2024

- Engineered and developed a fully functional Zagrad e-commerce website using Next.js, HTML, CSS, and JavaScript, ensuring seamless user experience and optimal performance – 100%.
- Applied Next.js design principles to achieve a consistent and appealing appearance across various devices, enhancing accessibility - 100%.
- Incorporated interactive elements such as menus, image carousels, and contact forms to enrich user engagement and facilitate intuitive navigation on the website - 100%.
- Collaborated on the project hosted at https://github.com/adityakrchy/zagrad_official

CERTIFICATIONS

- C++ Training from Internshala
- Software Testing –Certified by NPTEL.
- Technical Support Fundamentals – Google (Coursera)
- Creativity and Critical Thinking – LinkedIn Learning
- Machine Learning (Coursera)
